

REDEFINE VICTORY

VERSE 1

Every battle we will fight has been won
By the power and the blood of Your Son

PRE-CHORUS

It was our weakness that You carried
It was our sorrow that weighed You down
Was our rebellion that pierced You
Our rejection You wore as a crown...

CHORUS 1

Every day You choose love
Every day You choose grace
Every day You choose forgiveness

TAG

You redefine victory

BRIDGE

This is victory
To have hope when all is gone
This is victory
To have peace in the storm
This is victory
To be a light in the darkness
This is victory, This is victory

This is victory
To love the least of us
This is victory
To let go and just trust
This is victory
To humbly walk with my God
This is victory, This is victory

This is victory
Perfect love on a cross
This is victory
Curse of death forever lost
This is victory
Holy One God with us
This is victory, This is victory

CHORUS 2

Every day I choose love
Every day I choose grace
Every day I choose forgiveness
